Objective

I'm a passionate Frontend Developer with a strong foundation in .NET and a current focus on building dynamic and scalable web applications using Angular and Material UI. With 3+ years of industry experience, I specialize in creating intuitive user interfaces, integrating RESTful APIs, and collaborating closely with cross-functional teams to deliver high-performance solutions. My background in .NET empowers me with full-stack perspective and adaptability across technologies.

Achievements

- **Star Performer - Habit Flagbearer - Building Trust, Wipro – 2025**
- **Unit Award - Beyond the call of Duty, Wipro - 2024**
- **Habit Flagbearer - Building Trust, Wipro - 2023**
- **2x Victory League, Wipro – 2023**
- **Habit Flagbearer - Being Responsive, Wipro – 2023**
- **2x Inspiring Performance Award, Wipro – 2023**

Certifications

Work Experience

Frontend Developer / .NET Developer

Wipro Ltd – Sep'21 to Present

- Developed and maintained web applications using Angular and Material UI, focusing on responsive design and user experience.
- Integrated RESTful APIs and worked closely with backend teams to ensure seamless communication between frontend and backend systems.
- Provided technical support for multiple .NET projects, assisting clients with troubleshooting, issue resolution, and software updates.
- Collaborated with development teams to analyze and address bugs and defects, ensuring the stability and performance of applications.
- Effectively communicated with clients to understand and document issues, requirements, and feedback.
- Assisted in the deployment and configuration of applications in production environments, ensuring seamless integration with existing systems.
- Utilized SVN and Git for version control and collaborated using JIRA for task and issue tracking.
- Proficient in creating reports using Report Builder, enhancing data visualization and decision-making capabilities.

Technical Skills

- Frontend: Angular, Material UI, HTML, CSS, JavaScript
- Programming Languages: C#, SQL
- Web Technologies: ASP.NET
- Cloud Platforms: AWS
- Database: PostgreSQL, Oracle
- Version Control: SVN, Git
- Deployment: Experience deploying applications in production environments
- IDEs: Visual Studio, Visual Studio Code
- Tools: JIRA
- Report Creation: Report Builder

Education

MTech : Software Engineering (2022-Pursuing)

Birla Institute of Technology & Science, Pilani

Bachelor of Computer Applications (BCA) (2018-2021)

Aggregate : 9.4 CGPA

IFTM University, Moradabad

- Programming
- Computer Application

Senior Secondary (XII), Science (2017-2018)

Percentage : 74%

BVM Sr. Secondary School, Sambhal, Uttar Pradesh

PCM with Computer Science

Secondary (X) (2015-2016)

St. Mary's Secondary School, Sambhal, Uttar Pradesh

Aggregate : 8.6 CGPA
